Essential+ Insurance

Like humans, pets can often develop illnesses which require regular and long term veterinary treatment, sometimes for the rest of their lives.

Essential+ offers lifetime cover, providing ongoing protection for the cat covering ongoing illnesses such as diabetes or arthritis, which have the potential to run up huge vet's bills for the owner.

Once insured your cat will be covered for the rest of its life for the same illness, as long as you renew your policy at the end of each policy term. Meaning there is no need to compromise on the very best care.
